Supervisor's Report

By Vernon Township Supervisor William Peterson

The Vernon Township community has once again shown its concern for needy families. Numerous organizations have collected and delivered food and hygiene products to our pantry. Our food pantry is open throughout the year and is depended on by many people. In addition, individuals, churches, synagogues and civic organizations have donated funds for assistance purposes. This spring the Lincolnshire Morning Star Rotary received a matching grant from Rotary District 6440 to provide such funds for emergency purposes. These funds are earmarked mostly for senior citizens medical transportation and other individual needs. Kathie Deyerler the Township Caseworker will direct this program.

Share the Joy, Adopt-A-Family for the Holidays

You can make a difference in the life of a local Vernon Township family this holiday season through our Holiday Adopt-A-Family programs. Many of our families are faced with the challenge of simply being able to afford the bare necessities, let alone have enough money to buy gifts for their families.

The Thanksgiving Basket Program provides needy Township families with a nonperishable holiday dinner.

Meet the Township Assessor

Vernon Township Assessor Gary Raupp is a lifelong resident of Vernon Township. He lives in the Village of Indian Creek with his wife Mary and their three children. Gary started working at Vernon Township part time in 1971 on a work-study program from Stevenson High School. In 1974 he became a Certified Illinois Assessing Officer and has over 780 credit hours in his field. In addition, he obtained a degree in Business from Northern Illinois University.

After graduation he returned to the township and served as a Deputy Assessor until 1984 when he was then elected as the Township Assessor.

Currently he is serving as treasurer for the Lake County Assessors Association and has in the past served as its President and Vice President. He is also the chairman of the zoning board for the Village of Indian Creek.

Who Is This Mystery Man?

Why it's Ellis Peterson, the township's Deputy Assessor and field man. Ellis has been employed with the township since 1991. He comes out to make inspections on properties. He will first ring your doorbell to let you know he has arrived, if there is no answer, he will leave his card and might go around the property to do some measuring from the outside if that's all that is needed. No advance phone calls are made by the Assessor's Office due to the amount of inspections made daily.

What causes Ellis to come out to inspect:

- Building permits issued by the various villages
- Building permits issued by Lake County for unincorporated areas of Vernon Township
- Information not in the records that has been obtained from appraisal reports, multiple listings, and neighbors comparing properties.
- Field check requested by a Deputy Assessor when an old record card is not totally clear.
- Request made by the property owner.
- Fire or any natural damages that occur to the property.

The Vernon Township Assessor's office is open Monday through Friday from 8:30 a.m. to 4:30 p.m., and on most Saturday's from 9:00 a.m. to Noon. The assessors office can be reached at (847) 634-4602.

Homestead Limited Exemption

This exemption will lower the equalized assessed value of your property by \$5,000. This exemption is given to all properties automatically as long as it's your primary residence and you are not receiving a Homestead Exemption at any other property. There is no application or renewal to fill out for this exemption. Rental properties do NOT qualify for a Homestead Limited Exemption. To qualify for this exemption, you must own the property and must have lived in it before January 1st of the tax year. It is the responsibility of each taxpayer to confirm that the Homestead Limited Exemption has been applied to their tax bill. Tax bills come out in May and they are due in equal installments in June and September.

Senior Citizens Homestead Exemption

If you are the owner of a residential property and are 65 years or older, you can qualify for a Senior Homestead Exemption. For new homeowners starting in the tax year 2003, a law was passed prorating the Senior Homestead Exemption. It is no longer required to have lived there as of January 1st. The Senior Homestead Exemption lowers your equalized assessed value an additional \$3,000 besides the \$5,000 from your Homestead Limited Exemption. To figure out the exact amount you will get off your tax bill, you take the \$3,000 and multiply it by the tax rate for that year. On the low end it can be around \$140.00; on the high end it can be around \$215.00. Senior Homestead Exemption applications are made at the Township Assessor's Office. If you call ahead of time, we can get the application started. Proof of age and a copy of your deed is a requirement for this

exemption. If your property is in a trust, a copy of the trust agreement is also needed. This exemption does need to be renewed on a yearly basis. All seniors that sign up for this exemption will receive a yellow renewal card by mail at the beginning of each year just to verify that you still reside there and it is still your primary residence.

Senior Citizens Assessment Freeze

Once you have signed up for the Senior Citizen Homestead Exemption, you will automatically get an application in the mail from the county in July. The requirement for this exemption is a household income limit of \$45,000, including social security before deductions. The county sends extra applications to the Township and the form does need to be notarized before mailing it back to the county. The Vernon Township's assessor's office will help you fill out this form if needed and the Township will notarize the form for you at no charge.

The 2004 Homestead Improvement Exemption

If you make an improvement to your property in Vernon Township, the assessment increase caused by the improvement will be deferred from the tax rolls for four years. There is, however, a maximum of \$25,000 assessed or \$75,000 market value for this exemption. This exemption is initiated by the assessor's office as long as the proper permits were taken out for the improvement. Maintenance on the house such as a new roof, repaving a driveway, or replacing windows require permits; however, because they are considered maintenance, they do not change the assessment and the exemption does not apply. Rental properties do NOT qualify for a Homestead Improvement Exemption, only owner occupied properties.

Exemption Information

All of the exemption amounts have been increased for the tax year 2004, payable in 2005. Tax bills received in the year 2004 are for the 2003 tax year and reflect the old exemption amounts.

Highway Department Briefs

Spring Clean Up

The spring cleanup was a great success. We appreciate your adherence to the guidelines for your waste disposal. Spring clean up will be back next year for residents of unincorporated Vernon Township. Be sure to watch for the dates, in the winter newsletter.

Highway Department Summer Projects

- Woodbine Circle was re-stabilized and re-blacktopped
- The Meadows Subdivision was re-blacktopped
- New storm sewers were installed on Apple Hill and Marie Avenue

Starting this Fall

A new detention facility project will begin in Horatio Gardens, with completion scheduled for Spring 2005.

Burning Leaves

Please do not burn leaves or debris on the road pavement. The heat will damage the asphalt surface and require extensive repair.

Permits

A Permit is required when you are doing work on the ditch, culvert, trees, bushes and driveways in the right of way. The right of way is approximately 20' from the edge of the road. Permits can be obtained from the Vernon Township Highway Commissioner.

Spring Flood 2004

The 2004 Spring Flood affected some of the unincorporated areas of Vernon Township. Residents and the Highway Department crew worked together to fill sandbags and prepare for the flood. Because of their cooperation and diligent work, there was minimal damage to these areas.

Looking ahead to winter...

Before the snow season arrives, please remove all decorative rocks, logs and other hazardous objects from the edge of the road in front of your property. Unseen by a snowplow driver, they can damage the snowplow if struck. You are also liable for damages to vehicles that might skid into them during slippery driving conditions.

Now is the time to replace your mailbox if there is any doubt that it will not last another winter. A weak post and box may not survive snow repeatedly thrown against them by passing snowplows. Installation specifications are available from the Highway Department.

Following a minimum 2 inch snowfall, parking is not permitted on Township maintained roads until they have been cleared edge to edge. Vehicles not removed may be towed with the owner responsible for all related costs.

The Vernon Township Highway Department crew trimming trees this past spring in our unincorporated areas.

Vernon Township Highway Department and the EPA

The Environmental Protection Agency (EPA) has required, thru the National Pollution Detection and Elimination System (NPDES) Phase II, that local governments work to minimize the amount of pollutants entering their storm sewer systems which lead to streams, rivers, and lakes. Pollutants include but are not limited to; pesticides, animal waste, and household chemicals. An important tool in reducing this form of pollution is thru public awareness. In subsequent Vernon Township newsletters there will be useful facts and information on how we, as individuals or as a community, can do our part.

Water Facts

- Nearly 97% of the world’s water is salty or otherwise undrinkable. Another 2% is locked in ice caps and glaciers. That leaves just 1% for all of humanity’s needs; agricultural, residential, manufacturing, community, and personal.
- The average total home water use for each person in the U.S. is about 50 gallons a day
- On average, 51%-70 % of household water is used outdoors for watering lawns and gardens. Make the most of the water you use by never watering at the hottest times of the day or when it’s windy. Turn off sprinklers when it’s raining. Plant low water grasses and shrubs to reduce your lawn watering by 20%-50%.
- Lawn and garden pesticides and fertilizers can pollute the water. Reduce your use of pesticides and fertilizers and look for safer alternatives to control weeds and bugs. For example, geraniums repel Japanese beetles; garlic and mint repel aphids; and marigolds repel white flies.

Solid Waste Agency of Lake County (SWALCO)

SWALCO programs help residents dispose of problem wastes such as household chemicals, electronic equipment, and yard waste. Recycling programs are used to divert as much solid waste as possible from reaching landfills. Periodically there are recycling events in our community. This September an electronics collection event is planned in Lincolnshire. For more information on this event and SWALCO services visit www.swalco.com or call (847) 336-9340.

Mosquito Abatement

Vernon Township has a contract with Clarke Mosquito for mosquito abatement in the unincorporated areas of Vernon Township. The township highway department provides additional support by placing abatement materials in catch basins and storms sewers. These are areas where mosquitoes are likely to accumulate. The placement of abatement materials helps to prevent the emergence of adult mosquitoes.

Helping fight hunger in Vernon Township

The Hebrew word Tzedakah means justice. In practical terms the word means to give to others without expecting anything in return. This principal is taught to the preschoolers at JCYS Northwest Family Center in Buffalo Grove. Each Friday the children are invited to bring in pennies to give to Tzedakah in their classroom. In the pre-kindergarten classroom of Edith Reich and Ellen Gluskin the coins are collected all year. At the end

of the school year, in May, Edith and Ellen's class go to the grocery store with the collected money and purchase nonperishable food products that they donate to the Vernon Township Food Pantry. Edith and Ellen hope that by having the children actually buy the food, pay for it with the money they have collected and bring the items to the pantry that it will be easier for them to understand the significance of contributing to those less fortunate than themselves, even right here in our own community.

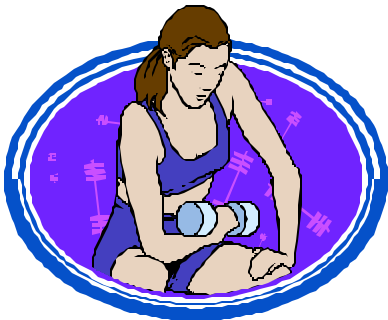

How You Can Help

Vernon Township's Food Pantry is in need of nonperishable food products. We are in need of the following items:

- Pasta/Pasta Sauces
- Canned fruit and vegetables
- Canned soups
- Canned Meals
- Peanut Butter/Jelly
- Cereal
- Tuna/Tuna Helper
- Baked Beans
- Rice-a-Roni
- Macaroni & Cheese
- Chili
- Crackers and Cookies
- Toiletries

We accept food donations Monday-Friday 8:30 a.m. until 4:30 p.m. We also accept cash donations which enable us to purchase gift cards to local grocery stores.

Fitness for Active Adults

A certified Centre Club instructor leads low-impact aerobics, muscle toning and stretching exercises. Classes are held at Vernon Township's Community Services Building. Do You Remember When...

Vernon Township's Administrative Offices have been located at 3050 North Main Street since 1980, but our first offices were located off Olde Half Day Rd. Just east of the Vernon Area Public Library and adjoining Washburn Community Church stands the historic building that housed the Vernon Town Hall. Since 1844 this building served the community with such functions as a church, community building and polling place.

One of the township's most distinguished resident's would cast his ballot at this building. Adlai E Stevenson, former Illinois governor and two time Democratic presidential candidate, would vote at the Vernon Town Hall. Mr. Stevenson lived in unincorporated Vernon Township along St Mary's Road. He ran for president in 1952 and 1956.

The building is still used by Washburn Congressional Church for office space and church board meetings.

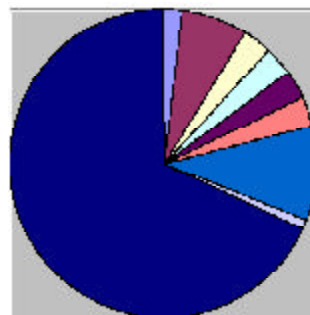

Election Day in Vernon Township. Adlai E. Stevenson, who lived on St. Mary's Road in Mettawa, voted at the Vernon Town Hall on Route 22. He is greeted by Leo Blocks, an election judge and former bus driver for Stevenson High School.
